

Technical Seminars

Instrumentation Tube Fittings

PURPOSE:

To introduce basic fundamentals to participants new to Instrumentation Tube Fittings

SEMINAR CONTENT:

The seminar is ideal for someone new to Instrumentation Tube Fittings, as well as, those looking for new technologies in tube fittings, valves and manifolds. The participants will get hands-on instruction in the proper make up procedure for both single ferrule and two ferrule tube fittings, introduction to a new leak free permanent non-welded tube fitting and learn about several new manifold technologies including Instrumentation manifolds and manifold mounted valves.

WHO SHOULD ATTEND:

Application Engineers, Design Engineers, Electrical Engineers, Maintenance Personnel, Purchasing Agents and others who need to assess implementation and selection of instrumentation tube fittings.

SCHEDULE:

PORTLAND MAINE
(The Leen Co Office)

Thursday, Oct 2, 2008 10:00 to 12:00

NORTHBOROUGH, MASS
(The Hope Group Office)
No Seminar in Northborough

To Register:

www.TheHopeGroup.com

REGISTER For Technical Seminars

- Compressed air piping
- Compressor energy costs
- Hydraulic plumbing
- Industrial Electro-hydraulics
- Instrumentation
- Mobile Electro-hydraulics
- Nitrogen generators
- O-Ring Sealing Technology
- Pneumatic Automation
- Supply Chain Solutions

ATTEND Trade Show Exhibit

Visit our 5,000 square foot exhibit area for a motion and control trade show highlighted by a dozen Parker Divisions.

RIDE Motion Simulator

Experience the thrill of a Motion Simulator ride on the Parker Tech Tour truck.
