## Nitrogen Generation as a Cost Reduction

### PURPOSE:

To introduce the potential cost savings of nitrogen generators over tank or bulk buying

### SEMINAR CONTENT:

This seminar will examine how a company could take advantage of generating nitrogen, in their own plant, and experience a savings of 50 percent. The discussion will evaluate the pros and cons of generating nitrogen on-site to help in planning. The seminar will examine what the equipment requirements are for on-site nitrogen generation and general operation. Attendees will leave with enough information to take the first step in evaluating nitrogen generation cost savings.
