

Technical Seminars

Hydraulic Plumbing

PURPOSE:

To introduce how to achieve excellence in system design, installation and trouble-shooting on hydraulic plumbing systems

SEMINAR CONTENT:

This seminar provides specific instructions and guidelines on how to *select, assemble and route the proper hydraulic hose and fitting combination* for maximum safety, service life and with zero leakage. It will instruct participants on how to *identify the port and tube end of any metric tube fitting* or adapter using simple gauges and calipers. Designers, assemblers and maintenance personnel will learn how to *select, assemble and install hydraulic tubing, tube fittings and adapters*. And participants will learn how to *accurately bend hydraulic tubing* for optimum efficiency, leak-proofing and aesthetics.

WHO SHOULD ATTEND:

Designers, Assemblers, Maintenance Personnel, Production Managers, and anyone interested in learning how to achieve excellence in hydraulic system design.

SCHEDULE:

PORTLAND MAINE
(The Leen Co Office)

Thursday, Oct 2, 2008 9:00 to 4:00

NORTHBOROUGH, MASS
(The Hope Group Office)

Wednesday, Oct 8, 2008 8:30 to 3:30
Thursday, Oct 9, 2008 8:30 to 3:30

To Register:
www.TheHopeGroup.com

REGISTER For Technical Seminars

- Compressed air piping
- Compressor energy costs
- Hydraulic plumbing
- Industrial Electro-hydraulics
- Instrumentation
- Mobile Electro-hydraulics
- Nitrogen generators
- O-Ring Sealing Technology
- Pneumatic Automation
- Supply Chain Solutions

ATTEND Trade Show Exhibit

Visit our 5,000 square foot exhibit area for a motion and control trade show highlighted by a dozen Parker Divisions.

RIDE Motion Simulator

Experience the thrill of a Motion Simulator ride on the Parker Tech Tour truck.
