

General Purpose Solenoid Valves

Parker / Skinner / Goldring

- Fuel Shut Off Valves
- Gas Shut Off Valves
- Gas Vent Valves
- Steam & Hot Water Valves

2-Way Miniature Direct Acting Valves 1/8" NPT

2-way Miniature Direct Acting valves are available in Normally Closed and Normally Open constructions with interchangeable AC/DC coils. Valves are standard with 303 stainless steel bodies and FKM seals. These compact valves are durable with the potential for long life. Under lab conditions, these valves have survived 20 million cycles.

2-Way Direct Acting Valves 1/8" - 3/4" NPT

2-way Direct Acting valves are used in a wide variety of applications that require zero pressure differential and medium to high pressures and flow. These valves are available in a variety of elastomers as well as, brass and stainless construction.

3-Way Miniature Direct Acting Valves 1/8" NPT

3-way Miniature Direct Acting valves are suitable for low to medium pressure applications that do not require a minimum operating pressure differential, for actuation. Available in normally open, normally closed, or universal operation. Tested to 20 million cycles under lab conditions. Standard with 303 stainless steel bodies and FKM seals.

4-Way Direct Acting & Pilot Operated Valves 1/8" - 1/2" NPT

2-way Miniature Direct Acting valves are available in Normally Closed and Normally Open constructions with interchangeable AC/DC coils. Valves are standard with 303 stainless steel bodies and FKM seals. These compact valves are durable with the potential for long life. Under lab conditions, these valves have survived 20 million cycles.
