4 Ounce.....	\$298.80/case

PRODUCT DESCRIPTION

M&W AND SUNCOAST HAND SANITIZERS are alcohol-based gel hand sanitizers that evaporate quickly. They are recommended for repeated use to help decrease bacteria on the skin. Active Ingredient: Ethyl Alcohol

DIRECTIONS

Apply a "palmful" to one hand - enough to thoroughly cover both hands. Spread on both hands including front and back of hands, thumbs and fingers. Rub hands together briskly until dry.

➤➤➤ *If soap and water are not readily available, the Centers for Disease Control and Prevention (CDC) recommends consumers use an alcohol-based hand sanitizer/cleanser that contains at least 60 percent alcohol (also referred to as Ethanol or ethyl alcohol) cdc.gov*
