HopeDirect.com

Online Parts Ordering Website

The Hope Group
A SunSource Company

508.393.7660
thehopegroup.com

Convenient Source for Genuine Parker Components

What if I have an item I can't find on HopeDirect.com?

That's not a problem. You may dial our Customer Service team for any special orders.

How can I find what I need?

You can search by Part Number, or search by general product category such as Hydraulics, Hose and Fittings, or Filtration.

Can I check past orders?

If you buy the same thing on a regular basis, you may build a "cart," which will stay online for you to use or customize on your next visit.

Why are prices on HopeDirect.com are different from my company's prices on previous orders?

The prices you see reflect the standard retail pricing. Not to worry—you can buy parts at your company's established pricing. First, you should register on HopeDirect.com. When creating an account, indicate that your company has an account with The Hope Group and provide the account number. We will sync the online account with your existing account within 1-2 business days.

Can I pick it up at the store?

Right now, we only ship direct. However, you can see if we have the part in stock.

Orders placed by Noon EST ship same day

Applies to in-stock items and excludes weekends and holidays

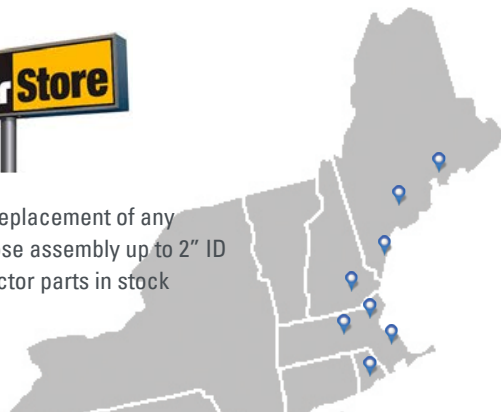

The decisions you make every day affect your company's bottom line, so finding the right partners is a top priority. As a national distributor with a local presence, **The Hope Group** has a unique position as a full-service resource for our customers across multiple industries. Not only do we distribute a broad range of critical fluid handling products from world leading manufacturers, we provide system-wide solutions for your toughest applications. From assistance in the design phase, through start-up and operation, ongoing maintenance and post-sales support and now component service and repair, The Hope Group is your partner and your competitive advantage.

Our people make the difference and we understand the unique challenges you face and have built systems and solutions that will get the **Right Product** to the **Right Place** at the **Right Time** and at the **Right Price!**
