

THE HOPE GROUP

SNEEZE GUARDS

The Hope Group is now offering clear acrylic anti-virus sneeze guards to support your essential workers fighting the COVID-19 virus. Reduce contact points between your employees and customers with a physical barrier.

- Give your employees and customers extra protection and confidence at work.
- Show your most valued resources that you are committed to their health and safety.

GUARD BENEFITS

- **CLEAN SURFACE**

The smooth surface of the acrylic panels allows for easy sanitation for reducing possible contamination.

- **SOCIAL BARRIER**

It's easy to forget to use social distancing, these barriers reduce any unnecessary contact and enforce spacing requirements.

- **MODULARITY**

Have your guarding customized to the size needed for your available counter space, adapt to fit other sizes and use it for future applications.

PARTITION GUARDING

Partition guarding systems can be customized to fit your workspace or open area. Panels are available in clear polycarbonate or white acrylic for your privacy.
